Batlo

Existing lines such as Belmondo, Martini, Cut and Batlo have recently been extended to include a wide range of soft painted products in fresh colors such as coral red, sky blue, green, white and black. These colored faucet combinations are designed to enhance each individual’s flair for fashion. Without doubt, the avant-garde will be most attracted to the Batlo model in blue or green, whereas a vintage 20’s & 30’s inspired fashionista may find the Belmondo in red to be the perfect mirror of their own taste. For a classier, upscale look, the Cut in white or black has a sleek and streamlined design that will have guests turning heads.
